## TALENT HERE TONIGHT

The conference games of the Northern Division of the county will start January 10 and will close February 11. As usual Eagle Point will play five games here and five games at various schools.

The schools of the Northern Division are Eagle Point, Butte Falls, St. Marys, Sams Valley, Talent, and Prospect. Our first game is here Friday January 10, with Talent.

The opinion is that this conference will have the fastest teams it has had in years. Coach Dickson had been working with the boys trying to get them in shape to take the cup.

## GREENS WIN SUBSCRIPTION CONTEST

The Curtis Magazine contest in the high school closed Dec. 20th after two weeks of not much selling activity.

Half of the total sales will go to the E.P.H.S. Student Body. The four classes were divided into two groups. The juniors and freshmen formed the gold team and the seniors and sophomores made up the greens.

Since it has been the custom for the losing team to give the opposing team a party, this year the goldies will entertain the greenies.

## TYPING WIZARD VISITS SCHOOL

Miss Louise English and Mr. Ralph Walker, the son of President Walker of the Behnke-Walker Business College of Portland, visited our school Tuesday afternoon to give a demonstration in typing. Miss English has been a typing teacher for about twelve years. In her typing demonstration she explained all the details regarding the development of speed and accuracy. Although she is no longer a national competitor and is out of practice, she typed 125 words per minute. While carrying on a conversation with Miss Corey, the typing instructor, she wrote 112 words per minute. While Mr. Walker gave her 23 words to spell, she wrote at a rate of 112 words. Finally, typing a sentence which she had practiced, she wrote 210 words.

## ARMY BOYS COME HOME

Furloughs were granted to the army boys in order that they could spend the Christmas Holiday at home. Most of them arrived the Sunday before Christmas.

Quenten Lewis, Earl Harnish, Frank Sparks, Ralph Lamb, Eddie and Edison Crandall came from Camp Murray; Dave Hannaford from Camp Clatsop; Red Cingcade, from Carmel, Calif.; and Lyle Smith from McChord Field, Washington.

## NEWS FROM THE OFFICE

Flash! The afternoon schedule has been changed. The tardy bell for afternoon classes rings at 12:45 and school is out at 3:45. It is rumored that this was done to allow Mr. Bushnell fifteen extra minutes with his promising seniors in the sociology class.

Next comes news of the plaque. The system is being revised because there is not enough consideration being given to the quality of the work done to earn points. The number of points a person earns will not be determined by the number of offices a person holds but by the way he does his work. This matter will rest in the hands of the faculty.

This also came straight from an office.....Why doesn't the B.A.A. join the Student Body?

I also heard that four one-act class plays are being considered again---to say nothing of an operetta.

## TYPING WIZARD VISITS SCHOOL (cont. from page 1)

We heard that her favorite sport is golf. Perhaps that improves her stroking.

# EDITORIALS

## LET'S HAVE AN ANNUAL

Let's hear a little comment from you students about the publication of an annual this year. As some of you know and others have heard, the last annual that was published here went in debt due to the fact that several dollars were stolen. Since then it has seemed impossible to publish another annual.

The other year-book was printed by a large printing concern at considerable cost. This year we have been able to add more equipment to that which we already have, and I am sure, with all the students' help, we could swing it. Also with the help of the camera club we would be able to take all of our pictures and transfer them to the pages of our annual.

Keep this project in mind and let us know what you think in our next Student Body Meeting.

## CHAMBERLAINS GET SURPRISE

For Christmas this year, Mr. and Mrs. Ed Chamberlain received a well earned and much desired vacation. Each of their older children contributed towards a fund for a Christmas gift, amounting to \$100.

One of the boys loaned them his car with gas and oil expenses paid. They left January 2 for California, Mexico, and parts unknown. They were told not to come home until they had spent their entire \$100. We hope they have a wonderful trip and the best time ever.

## GREEN S WIN SUBSCRIPTION CONTEST (cont. from page 1)

The sales were \$9.00 for the gold team and \$4.00 for the green team. Outstanding salesperson, Lola Hise, a freshman, brought in \$4.50.

## FROSH CHATTER

Bodie Miller is back in school for another three or four days visit.

It has been rumored that Catherine Walch got a pair of cow boy boots and a ten gallon hat for Christmas.

Don Kimmel has been messing around with model airplanes since December 25.

Dean Carlson hasn't attended school for some time now. We would like to see his smiling face again.

Clayton Charley prefers the mounted cavalry to the marines or the air corps.

Elva Chestnut didn't make any new years resolutions because she is the same Elva as before vacation.

Paul Cushman needs a friend to help him break a wild broncho to ride.

Leila Damon is trying to learn to say a theme for Business.

Lola Hise is still leading the freshmen class.

Don Kelley hasn't discovered perpetual motion yet.

Dorothy Lopez couldn't take

the Christmas vacation--she not coming back on January 6.

Merlyn Perry's heap is still worth new license plates. At least he thinks so but we don't know what she thinks.

Gordon Stanley is second best speaker in business class.

Geo. Walker is receiving the suggestion that he shave off his mustach this year.

## TEACHERS VACATION

Miss Olson--At home, entertaining and finding time to read How Green Was My Valley.

Miss Corey--Spent Christmas at her home near Medford.

Mr. Hay----Spent his Christmas at home with his family. Ran his radio transmitter all day and all night.

Mr. Bushnell-----Mr. Bushnell and family spent the vacation in Vancouver, Wn., Tigard, and Salem, Oregon, visiting friends and relatives.

Here's to woman---ah, that we could fall into her arms without falling into her hands.

## SENCE AND NO SENCE

Well, I see at least one student has made a New Year's resolution. Mary Harnish has resolved not to go any place for a whole month. Here's the reason.

Mary came creeping into the house the other night and fell over a chair which, of course, woke the family.

"Mary, what time is it?" asked Mary's mother.

"Only one o'clock," exclaimed Mary. Just then the clock struck three. "Well, dawggone," Mary's mother replied, "the clock staters."

Imagine the indignity of a cornstalk when he has his ear pulled, but worse yet---the discomfiture of a potato with his eyes full of dirt.

Lawyer--(1980) "You say you married a banker, a movie star, a preacher and an undertaker? Why?

Virginia Medley--"Well, you see, it was a case of one for the money, two for the show, three to get ready, and four to go.

Miss Corey--"Dancing is a wonderful training for girls; it's the first way you learn to guess what a man is going to do before he does it.

Talent and Eagle Point clash in the first game of the season here tonight at 7:15.

## MUSIC NOTES

Leslie Scott just bought a new saxophone and is learning to play it, but we hear that he is moving to Butte Falls so we will lose a player.

Since Virginia Medley played the clarinet in the Jacksonville Band, she will be a great addition to our orchestra.

We have a new set of books called "Progress Orchestra Folio". It contains many marches, fox-trots, and a Spanish and an Indian piece. Gold Hill and Sams Valley also have this folio.

We are going to start the New Year right by practising hard for the spring concerts. There will be one in Sams Valley, possibly one in Medford, and in Gold Hill and Eagle Point. Dates will be announced later.

## SENIOR HIGHLIGHTS

The Senior Benefit Dance went over with a bang! Although the crowd could have been larger, everyone was in the highest of spirits. The "hot-dogs" were thoroughly enjoyed after dancing to good music for two hours. Mrs. Glenn Hobbs, a former E.P.H.S. student, won the door prize.

All of the senior are back from their vacations and are feeling full of that well-known "New Year's Cheer". Don't take me wrong! By the way did you know that-----

The dance was successful and another gay affair is being planned for Valentine's Day.

The graduating class this year will be the fifteenth one to finish in this school.

And we play basketball with Talent to-night.

Now you know it all!!!

## FIREMEN SPONSOR CARD PARTY

The firemen of the city of Eagle Point are sponsoring a benefit card party and lunch in the Grange Hall on January 18, at 8:00. There is no admission fee and the lunch is twenty-five cents.

Everyone is invited to come!!!

All the polish she had she wore on her fingernails. (Martha Aren)

## STUDENTS DO SUBSTITUTE TEACHING

Because Miss Ivanhoe, the third and fourth grade teacher, was bitten by the "Flu bug" and couldn't teach for three days, a few of the high school student substituted for her.

The first day Mr. Bushnell sent over Martha Abel and Audrey Knighton. They got along fine though reports were that it was harder on the teachers than on the pupils. Reva Chestnut and Sandy Clave were chosen for the second day and seemingly they got along all right as no other reports were heard. The third day was up to Lucille Vieaux and Joan Holmes. Lucille said she felt like the old woman in the shoe with all of her children.

## GRADES PRESENTED PROGRAM

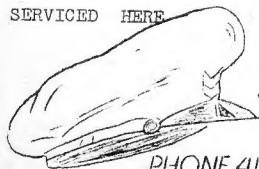

On the afternoon of December 20 the grade school presented a very fine Christmas program. Many friends and parents attended.

As Copco was working on the lines the lights went out in the middle of the program. Everyone felt sorry since so much time and effort had been spent on colorful stage sets and costumes which couldn't be seen.

Guest to hostess, after an evening of bridge: "Thanks for the hostility." (Louise A. Hoon)

## ARMY BOYS COME HOME

(Cont. from page 1)

From what was told by the boys, they have really had their share of walking; but to look at them one would think that they had been loafing around. Quiten, the same jolly fellow, remarked that it would be but a short walk for him to kike from Eagle Point to Medford when he returned home.

They all seemed to be in the best of health but hadn't changed at all. Earl looked better than when he left and he still had a big line to give everyone. Frank still had that cute little smile which everyone admires. Dave looked as handsome as ever; but sad to say, he had to leave earlier than the others. Edison, the shirker, didn't let himself be seen very much in Eagle Point, Eddie, not being seen much either, appeared to have changed none. Ralph Lamb, still as fat and saucy as ever, says he plans to teach school in Eagle Point if he ever gets out of the army. Bob Arons was also seen dashing around town in his car. Lyle Smith remarked that he liked it fine where he was, and from all appearances one would believe this to be true. Last but not least, Red Cingcade really looked "swell" in his army uniform, and he reports that he too likes army life fine.

It is hoped that the boys have enjoyed being home as much as everyone has enjoyed having them.

Here is a special warning to them: They had better write to friends down here; for after all, we do think of them once in a while as well as miss them.

Mr. Bushnell: "Why do you stutter so much?"

Miss Corey: "It's just a peculiarity. Everyone has peculiarities. Don't you stir your coffee with your right hand?"

Mr. Bushnell: "Yes----"

Miss Corey: "Well that's a peculiarity. Most people stir their coffee with a spoon."

## SOPH NOTES. . . . .

Well, here we are back in school and happy to be here. All of us made at least one resolution. The following are just a few:

Margaret and Joan N. have resolved to quit blushing in Mr. Hay's classes.

Sammy and Jim S. have resolved to act like gentlemen this year.

Betty and Joan M. have resolved to shut their mouths in Math.

Howard and Dean have resolved to secure as many dates as possible during 1941.

Dorothy and Leilla have resolved to really make the drums and piano talk in the orchestra.

Walter and Jim L. have resolved to work a little harder in Math, and try not to talk so much.

Bonnie and Frances have resolved to try concentrating. (Is it possible?)

Bill and Elmer have resolved to wear bright colored shirts this year and boy are they!!

Harry and Lowell have resolved to really get some good pictures during 1941. Bet they'll be honeys.

## DARK ROOM IS KEPT BUSY

By looking into the past we find that the dark room was kept busy a few weeks before the Christmas vacation. It produced about ten 8 by 10 enlargements besides a good many prints taken from negatives already developed.

It is also a fact that Mr. Hay the leader and the teacher of the club, did do some work in the dark room during the vacation. He installed a heater to keep himself warm and proceeded to develop and print pictures for several people here in Eagle Point. He also took a few pictures of his own using the photo-floods. A prosperous business is expected for awhile, for we hear that Santa Claus left a camera in a certain senior's stocking.
